

A photograph of a winter night scene. A snow-covered path leads through a dark forest towards a small, warm cabin. The cabin is lit from within, and the path is illuminated by small, warm lights. The trees are covered in snow, and the overall atmosphere is cozy and inviting.

Ontario Winter Camping

a winter

adventure

Rustic handcrafted yurts privately located in the forest. Guests sleep on a deep bed of aromatic evergreen boughs, reminiscent of a vacation from yesteryear. Wood stoves keep the yurts warm & cozy - we have the stoves lit before you arrive. Fall asleep to the coyote serenade and the call of the great horn owl. An *'off grid'* experience recapturing the spirit of a bygone era, disconnect from the virtual world and reconnect with the natural world. Atelier Arboreal is your :

Fireside.

A group of people is gathered around a fire in a living room. The fire is burning brightly in a fireplace, casting a warm glow on the people. The people are dressed in winter clothing, and the atmosphere is cozy and intimate.

After New Year's Eve dinner guests socialize around the fire in the 'Outdoor Living Room'. A late night snack will be served at 11pm: Cocido del Las Campo (Chorizo stew with garlic toasts)
